PRINTED IN GREAT BRITAIN BY THE WHITEFRIARS PRESS, LTD., LONDON AND TONBRIDGE.

INDEX

ACETYLAMINO group, curative action of, 8
Alkaline reserve in blood and urine, 56, 57, 58
Ante-natal treatment, necessity for, 147
Antimony ointment for granuloma, 14, 15, 21, 22
  tartrate injections, 16, 20, 21
Arsenic Derivatives, Comparative Studies in Organic (A. J. Ewins and J. G. Everett), 1
Arseno compounds (Table I.), 5, 6
Arsinic acids (Table II.), 6, 7, 8
Atoxyl, 1

BENZISOXAZINE arsinic acids (Table IV.), 9, 11
Bismuth treatment in syphilis, 60
Bismuth and mercury treatment in syphilis, 61
Blood tests during treatment of syphilis, 61
Book reviews :—
  Browning (Carl H.), Immuno-chemical Studies, 64
  Burke (E. T.), Scourges of To-day, 149
  Chesney (Alan M.), Immunity in Syphilis, 351
  Kilduffe (Robert A.), The Chemical Interpretation of Blood Chemistry, 351
  Kilduffe (R. A.), The Clinical Interpretation of the Wassermann Reaction, 248
  Kolmer (John A.), Principles and Practice of Chemotherapy, 63
  Lees (D.), Diagnosis and Treatment of Venereal Diseases, 248
  Lowsley (Oswald Swinney), A Textbook of Urology, 350
  MacAlpine (Jas. B.), Cystoscopy, 349
  Stokes (J. H.), Modern Clinical Syphilology, 148
Bubo, a Note on Climatic (H. M. Hanschell), 244

CEREBRO-SPINAL fluid test in syphilis, 61

DYSENTERY, salvarsan and stovarsol in amœbic, 2

EHRLICH'S discovery (salvarsan, "606"; neosalvarsan, 914), 1, 275
Endotoxin, use of, 48, 49, 56, 59

FILMS, British Social Hygiene Council, 144
  "Gonorrhœa in the Male," "The Manifestations, Diagnosis and Treatment of Syphilis," 141

GONOCOCCUS, the, A Preliminary Note on the Employment of certain Constituents of, in Treatment and of other Constituents in Tests of Cure (E. C. Lambkin), 33
  Alpha - nucleo - protein and *beta* - nucleo - histone composition of polar bodies, 34, 47
  Alpha-nucleo-protein and immunity to anthrax in rabbits, 50
  Calmette's tuberculin, antigenic powers of, 50
  charts showing types of cases, 38–45
  complications, incidence of, 46
  diathermy, 31, 53
  Dimond's (Captain Lyn) Researches into Chemistry and Biology of the Gonococcus, 33
  di-sodium mono-hydrogen phosphate administration, 35
  endotoxin as a test of cure, use of, 48, 56–59
  endotoxin, routine, and "negative phase," 49
  "immunogen," 55, 58
  intradermal injection, 34
  intra-urethral injection, 34
  lessons from results, 47
  media, 51
    isolation, 51
  medium for preparation of endotoxin, 52
  nucleo-proteins, 49, 50
    antigenic action of, 49
  polar bodies (Babes' bodies), clinical experiments on, 34
  protein shock therapy, 30, 31
  Robertson's (W. J.) clinical application of Dimond researches, 53
  theory as to course of events, 37, 46
  treatment of patients, general, 35
    results of treatment, 36
  urine, optimum reaction of, 35
  vaccine, antigenic properties of gonococcal, 35
    how used, 35
    manufacture of, 47, 48
    therapy of gonococcal infections, 30, 31, 54, 55

INDEX

Gonorrhœa (L. W. Harrison), 24
acriflavine and mercurochrome, 28
diagnosis, 25, 54
difficulty of, 56
topical, 27
urethroscope in, 27
value of cultures in, 26
gonococcal complement fixation, 26
laboratory examinations, 26
relapsed cases, incidence of, 54, 58
scarlet-red applications, 30
silver nitrate in, 28
treatment, principles of, 28
trypaflavine injections, 30
vaccines, 30
"Gonorrhœa in the Male" (film) (L. W. Harrison), 141
Gonorrhœa (B.), The Treatment of (F. Pinkus), 62
Gonorrhœa in Women, 62
A Simplified Continuous Local Application (A. J. Casselman), 340
Granuloma of the Pudenda, On Ulcerating (Philip Manson-Bahr), 12
antimony tartrate in, 12
etiology and pathology, 13
histology, 13
McDonagh's ulcus molle serpiginosum identical with granuloma pudendi, 23
tartar emetic in granuloma, kala-azar and tropical diseases, 12
thioglycollic acid injection, 13
triamide of antimony injection, 13
Von Heyden, 471
antimony injections, 15, 20, 21

INDEX MEDICUS, 65, 151, 250, 352
gonorrhœa, 65, 151, 250, 352
syphilis, 66, 154, 252, 356

JOURNALS on dermatology and syphilis, 81, 82

LEVADITI on prophylactic effects of tryparsamide, 3

MARRIAGE and syphilis, 292, 294, 296, 297
Medical Society for the Study of Venereal Diseases, sixth annual general meeting, 343
date and place of annual meeting, 346
election of officers, 345
Moore and Kemp on treatment of syphilis, 293

NEURO-SYPHILIS, the Prophylaxis of (Redvers Ironside), 273
abortive treatment of early syphilis of the nervous system, 283
ætiology of, 285
conjugal, 287
Neuro-syphilis—*continued.*
efficient treatment of primary syphilis while the W.R. is still negative in the blood, 273
pathology of syphilis, 284
problem of the syphilitic parent, 286
recognition and indications for treatment of latent syphilis, 277
summary of prophylactic methods in the latent stage, 282

POTASSIUM antimony tartrate injections, 16, 20, 21
Pre-natal treatment, advantages of, 145, 147
Pregnant cases, a review of fifty infected, with reference to maternal morbidity and ultimate pelvic damage (Margaret Rorke), 326
conclusions, 339
Prognosis of Syphilis in the Light of Modern Methods of Treatment, The (L. W. Harrison), 299
animals and syphilis, 301, 302
arsenobenzol and mercury method, 300, 309
cardio-aortic syphilis, 314, 315
cardio-vascular syphilis, prevention of, 313, 314, 315
central nervous system, syphilis of, 315
eradication of syphilis, 303, 304, 305, 312
injections of "914," 299, 300
malarial treatment of syphilis, 313, 318
mercurial treatment, 300, 308
questionnaire by Medical Society for the Study of Venereal Diseases as to the effects of arsenical treatment on the nervous system, 309, 310
Scholtz method, 305, 306, 311
Silberstein's results, 305, 307, 311
tabes, effect of modern treatment on, 317
Pulmonary syphilis (E. T. Burke), 99
arsenobenzol, stimulating effect on tuberculosis, 111
bismuth treatment better, 111
Carrera's study on lungs of syphilitics, 106
congenital syphilitic myocarditis, 104
diagnosis, 100, 105
differential, of pulmonary tissue formation in syphilis and tuberculosis, 107, 109
in acquired syphilis, 104
of syphilis in the dead, criteria for, 104
during life, difficulty of, 108
Symmers's, 102, 103
endosyphilis, 104
fibrosis, primary syphilitic, 107
histological post-mortem investigation, 109

INDEX

Pulmonary syphilis—*continued.*
incidence of, 102
latent stages, misnomer of, 103
lung tuberculosis and lung syphilis, clinical resemblances between, 108
no " tubercular appearance," 110
pathology of syphilis, 106
radiogram to differentiate between tuberculosis and syphilis, 110
reaction, essence of syphilitic, 103
remote possibility of, 101
sanatorium treatment, 100
treatment of, 99
treponema pallidum, criteria for the diagnosis of syphilis in the dead, 102

REGISTRAR-GENERAL, mortality returns, 1925...316

SAGO-GRAIN urethritis, 28
Salvarsan " 606," neosalvarsan, 914
Ehrlich's discovery, 1, 2
in amœbic dysentery, 2
Septicæmia, acute aplastic, 146
after gonococcal infection, 144, 146
puerperal, 146
Sero-diagnosis of Syphilis, A Note on Two Factors affecting the (E. J. Wyler), 320
contamination of patients' blood with alcohol (methylated spirits) (tables), 320, 321, 322
employment of heterophile antigen, 323
Sodium antimony thioglycollate injections, 13
Specialism in Medicine, with Particular Reference to Venereal Disease (Sir Humphry Rolleston), 79, 141
Spironema pallidum (1905), 218
Stovarsol, 1, 2, 8, 9
Sub-calcanean Spurs (Calcaneal) in Gonorrhœa (V. E. Lloyd), 122
causes of, 124
description, 125
pathology, 123
retro-calcanean spurs, 123
symptoms, 126
Syphilis, The Routine Treatment of (F. Pinkus), 60
arsenic, 60, 61
bismuth, 60
indications for ceasing, 61
iodine, 60
blood tests in, 61
cerebro-spinal fluid test, 61
mercury, 60
Syphilis, The Manifestations, Diagnosis and Treatment of (film) (L. W Harrison), 141.
Tervalent arsenic compounds (Table III.), 7, 8
Tests by intravenous injection, 4
by subcutaneous injection, 4
for oral administration, 4
Toxicity tests, method employed in, 3, 5
Transmission of Syphilis to the Second and Third Generations, Some Problems associated with the (David N. Nabarro), 218
flocculation tests, 222
history of syphilis, 218, 219, 220
illustrative cases, 230
Kahn test, 224, 225
transmission to the third generation, 225
treponema, 218
Trypanosoma equiperdum, 1, 3
action of, with oral administration, 1
minimum curative dose for mice infected with, 3, 4, 7, 8, 10
Tryparsamide, 1, 9, 10, 317
action of, 2

URETHRITIS as seen through the Urethroscope (F. Carminow Doble), 169
anterior, 170
benign growths, 173
polypi, 174
hard infiltrations, 171, 172
littritis, simple, cysts or abscesses, soft infiltration, 170
malignant growths, 174
tubercular disease, 174
primary syphilis, 174
secondary syphilis, tertiary syphilis, chancroids, ulcers, herpes, 175
necrosis, 176
psoriasis urethralis or leucoplakia, 176
Urethritis, cauterising in, 28
Urethritis of the female urethra, 178
malignant growths, 180
new growths, 179
Urethritis, posterior, 176
benign growths, malignant growths, 178
glandular infection, 177
hard infiltrations, 177
soft infiltration, 176
Urethroscope in the Treatment of Stricture, the (A. Cambell), 18
air embolism, 187, 189, 192, 194
fatal cases, 187
Fenwick dilator, 183
Gordon's method of passing urethroscope, 190
Luy's endoscope, 181
technique, 185
uncommon growths found, 192
Urethroscope of Dr. E. Harrison, 190
binocular urethroscope, 191, 194, 195
strictures, treatment of, 191
tubercular ulcerations, 194
tuberculosis of the urethra and, 191, 192

VENEREAL clinic for cases of gonorrhœa in pregnant women, 145

INDEX

Venereal Disease in the Medical Curriculum, The Place of (J. H. Sequeira), 196, 203
Report of the Royal Commission, 1913...197, 198, 203
State-aided clinics and the instruction of students, 199, 203
time for V.D. clinic attendance, 201, 210
Venereal diseases, attendants requiring posts, 75, 166, 268, 371
Venereal Diseases, Medical Society for the Study of, 141, 247
Scottish division, 247
Sixth Annual General Meeting, 343
Vulvo-vaginitis in Children, Gonorrhœal (M. C. Tcd), 113
age incidence, 115, 116
complications, 120
Fraser (A. Reith) on vulvo-vaginitis in children, 113, 115, 116, 118
infectious disease and interrupted treatment, 120
local vaccine therapy in, 119
MacNicol (M.), record of her cases, 114
prognosis, 120
importance of home surroundings, 115
segregation, 117
source of infection, 114
spread of infection, 115
lavatory seats and, 115
table showing age periods and results of treatment, 121
Vulvo-vaginitis—*continued.*
treatment, 117
glass specula in, 118

WASSERMANN Reaction, Studies in, showing especially the Success of the Immediate Salvarsan and Mercury Treatment of Active Syphilis, also the Failure of the Mercury Continuation Treatment of Wassermann-quiescent Syphilis (E. E. Glynn), 8
Clinical Observations, 83
Wassermann Reaction Observations, 84
Part I.—The Success of the Immediate Salvarsan and Mercury Treatment of Active Syphilis, 85, 86
Part II.—The Failure of Mercury Continuation Treatment of Wassermann-negative Qui scent Syphilis, 88, 89, 92, 93, 94
Wassermann Relapses after Mercurial Continuation Treatment and after no Continuation Treatment, 88, 90
Part III.—Modifications in the Routine Continuation Treatment of Syphilitics recently "cured" and Wassermann-negative suggested by the Failure of Mercury Continuation Treatment, 95
Modifications in the Routine Continuation Treatment, 96

INDEX MEDICUS

GONORRHŒA

ALEXINE Fixation in Gonococcic Affections. P. DOMBRAY. (*Progrès Méd.*, September 25th, 1926, No. 39, p. 1445.)

Arthritis, Evolution of Gonococcic. MICHEL. (*Progrès Méd.*, October 23rd, 1926, No. 43, p. 1612.)

Arthritis, Treatment of Gonorrhœal. A. LEMIERRE. (*La Médecine*, July, 1926, vii., No. 10, p. 716.)

Arthritis, Treatment of Gonorrhœal, by Vasotomy, with special reference to the Study of Vesiculograms. G. GREENBERG. (*Med. Journ. and Record*, July 21st, 1926, cxxiv., No. 2, p. 76.)

Cervix Gonorrhœa, Suction Treatment of. E. WASSERMANN. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 490.)

Chronic Gonorrhœa. A Treatment of. F. TRINCA and G. FOREMAN. (*Med. Journ. Australia*. July 17th, 1926, 13th Year, ii., No. 3, p. 81.)

Colloidal Silver Preparations in the Treatment of Gonorrhœa. C. RICHTER. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 486.)

Complement Fixation Reaction in Gonorrhœa, On the Question of the. ST. R. BRÜNAUER, R. MÜLLER and M. OPPENHEIM. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 463.)

Danin's Method in the Diagnosis of Female Gonorrhœa, The Value of. E. URECH. (*Rev. Méd. de la Suisse Romande*, July 25th, 1926, xlvi., No. 9, p. 538.)

Diathermy on Gonorrhœa, On the Influence of. P. J. VAN PUTTE. (*Acta Dermato-Venereologica*, June, 1926, vii., No. 2, p. 358.)

Drugs of the Homœopathic School in the Treatment of Gonorrhœa. P. ORLOWSKI. (*Derm. Wochenschr.*, October 9th, 1926, lxxxiii., No. 41, p. 1515.)

Glycogen, On the Relationship of, to Gonorrhœal Disease. J. K. MAYR. (*Münch. med. Wochenschr.*, October 15th, 1926, lxxiii., No. 42, p. 1736.)

Gonococci, Resistance of, in regard to Temperatures above 37° C. in connection with Diathermy. P. J. VAN PUTTE. (*Acta Dermato-Venereologica*, June, 1926, vii., No. 2, p. 350.)

Gonococcus, On the Biology of the. F. WOLFF. (*Med. Klinik*, October 15th, 1926, xxii., No. 42, p. 1610.)

Gonococcus Urethritis in the Male, Treatment of Acute. A. E. MAN. (*N.Y. State Journ. of Med.*, July 15th, 1926, xxvi., No. 14, p. 642.)

Gonorrhœa, Acute. L. CHARGIN, W. SECKEL and A. STONE. (*Long Island Med. Journ.*, July, 1926, xx., No. 7, p. 244.)

Gonorrhœa. Criticism of Treatment of. H. SAENGER. (*Deutsch. med. Wochenschr.*, October 8th, 1926, lii., No. 41, p. 1718.)

Gonorrhœa in the Male: Some Complications and their Treatment. B. BERNSTEIN. (*Med. Journ. South Africa*, June, 1926, xxi., No. 11, p. 301.)

Gonorrhœa, On the Serodiagnosis of. A. COHN. (*Deutsch. med. Wochenschr.*, October 8th, 1926, lii., No. 41, p. 1717.)

Gonorrhœa, Peculiarities of Female. C. BUCURA. (*Wien. med. Wochenschr.*, October 2nd, 1926, lxxvi., No. 40, p. 1171, and October 9th, 1926, No. 41, p. 1214.)

Gonorrhœal Therapy, Principles on the Question of. E. UHLMANN and E. HARTMANN. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 471.)

Gonorrhœal Treatment in Man, Theoretical Bases of. L. BALOG. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 468.)

Malaria Transference in the Treatment of Chronic Gonorrhœa. R. LENZMANN. (*Deutsch. med. Wochenschr.*, September 17th, 1926, lii., No. 38, p. 1608.)

Sodium Iodide Injection in the Treatment of Gonorrhœal Epididymitis. P. A. RODRIGUEZ. (*Journ. Philippine Island Med. Assoc.*, July, 1926, vi., No. 7, p. 223.)

Stomatitis Gonorrhoiea. F. LESSER. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 462.)

Vaginal Secretion Reaction in the Diagnosis of Gonorrhœa, Results as to the Value of. BRUCK and REHN. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 476.)

SYPHILIS

Acetylarsan in the Treatment of Framboesia; Its Advantages for the Child. R. BOISSEAU. (*Bull. de la Soc. de Patholog. Exotique*, June 9th, 1926, xix., No. 6, p. 416.)

"Albert 102": Clinical Results with the Arsenical Preparation. F. FÖLSCH. (*Derm. Wochenschr.*, September 25th, 1926, lxxxiii., No. 39, p. 1437.)

"Albert 102," Further Contributions on. F. W. OELZE and others. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 278.)

"Albert 102," Recent Reports on. F. W. OELZE. (*Derm. Zeitschr.*, August, 1926, xlviii., Nos. 3 and 4, p. 166.)

Animal Experiment: can it be utilised for diagnosing Human Syphilis? P. MULZER. (*Münch. med. Wochenschr.*, September 17th, 1926, lxxiii., No. 37, p. 1555.)

Arneth's Formula in Recent Syphilis. V. CERCHIAI. (*Giorn. Ital. di Derm. e. Sifilo*, August, 1926, lxvii., No. 4, p. 1249.)

Arsenic and Mercury Binomial in the Treatment of Syphilis. V. TRAVAGLINI. (*La Rassegna di Clinica, Terapia e Scienze*, May–June, 1926, xxv., No. 3, p. 143.)

Arsenobenzol, On the Pathogenesis of Death from. L. GIROLAMO. (*La Riforma Medica*, August 30th, 1926, xlii., No. 35, p. 823.)

Arsphenamine Reactions, Alleged Stimulation of Autonomic Nervous System in. P. J. HANZLIK and C. H. THIENES. (*Arch. of Derm. and Syph.*, October, 1926, xiv., No. 4, p. 382.)

Arteritis, Multiple Syphilitic. L. M. BONNET. (*LyonMéd.*, August 1st, 1926, cxxxviii., No. 31, p. 123.)

Arthropathias in Tabes, On the Origin of. R. KIENBÖCK. (*Wien. med. Wochenschr.*, August 28th, 1926, lxxvi., No. 35, p. 1035.)

As.-Elimination, On the Process of, after the Intestinal Administration of Arsenobenzol. (Study of Animal Experiments.) C. MONCORPS and I. ISMAIL-SADE. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress Number, p. 318.)

Bismuth and the Wassermann Reaction. D. M. SIDLICK. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 486.)

Bismuth, Observations on the Preparation, Effect and Secretion of, with special reference to Bismogenol. K. STEPHAN. (*Zentralb. f. innere Med.*, September 18th, 1926, xlvii., No. 38, p. 905.)

Bismuth Poisoning, Case of, under Antisyphilitic Treatment. J. MUNCK. (*Ugeskrift for Laeger*, July 8th, 1926, No. 27, p. 637.)

Bismuth Secretion after Intramuscular Injection of Bismosalvan. J. WEITGASSER. (*Med. Klinik*, August 20th, 1926, xxii., No. 34, p. 1305.)

Bismuth Treatment and Prostitution. H. G. ROTTMANN. (*Med. Klinik*, September 17th, 1926, xxii., No. 38, p. 1447.)

Blood Picture, Antoni's Syphilitic Test from the. C. STERN and W. STRAUSS. (*Derm. Wochenschr.*, September 11th, 1926, lxxxiii., No. 37, p. 1345.)

Bone Syphilis. F. H. DILLINGHAM and L. K. MCCAFFERTY. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 373.)

Bordet-Wassermann, Negative and Positive, fluctuating for Long Periods despite Continuous Treatment. H. GOUGEROT and E. PEYRE. (*Ann. des Mal. Vén.*, July, 1926, xxi., No. 7, p. 485.)

Bordet-Wassermann Oscillations, Positive, in Patients with a Negative Reaction during Intense Antisyphilitic Treatment. H. GOUGEROT and E. PEYRE. (*Ann. des Mal. Vén.*, September, 1926, xxi., No. 9, p. 661.)

Bordet-Wassermann Reaction carried out with Dr. Vernes' Rheometer, The. G. PETRAGNANI. (*Giorn. Ital. di Derm. e Sifilo*, August, 1926, lxvii., No. 4, p. 1227.)

Bubo, Therapeutic Contribution on the Venereal. A. MARRAS. (*Ann. des. Mal. Vén.*, August, 1926, xxi., No. 8, p. 561.)

Buboes, On Roentgen Irradiation of. W. CURTH. (*Med. Klinik*, October 22nd, 1926, xxii., No. 43, p. 1646.)

Cardiac Syphilis, Early Diagnosis of. W. VON KAPFF. (*Derm. Wochenschr.*, October 16th, 1926, lxxxiii., No. 42, p. 1544.)

Cardiac Syphilis, Early Diagnosis of. E. DELBANCO. (*Derm. Wochenschr.*, October 16th, 1926, lxxxiii., No. 42, p. 1543.)

Chancre of Tonsil, Case of Syphilitic . HEMELEERS. (*Arch. Méd. Belges*, February, 1926, lxxix., No. 2, p. 49.)

Chemotherapy of Syphilis, On our Knowledge of the Modern. C. LEVADITI. (*Acta Dermato-Venereologica*, June, 1926, vii., No. 2, p. 201.)

Colloidal Reactions in Cerebro-Spinal Fluid, Estimation of. H. T. SCHREUS, H. G. ROTTMANN and H. WEGENER. (*Derm. Wochenschr.*, September 11th, 1926, lxxxiii., No. 37, p. 1351, and September 18th, 1926, No. 38, p. 1405.)

Complement Deviation Experiments, Some Results with the Active

Method of. M. HESSE and E. KIENE. (*Derm. Wochenschr.*, September 11th, 1926, lxxxiii., No. 37, p. 1371, and September 18th, 1926, No. 38, p. 1408.)

Complement Fixation (Kolmer) and Precipitation (Kahn) Reactions in Untreated Syphilitic Patients, Daily Variations in. S. S. GREENBAUM and E. YAGLE. (*Journ. Amer. Med. Assoc.*, July 31st, 1926, lxxxvii., No. 5, p. 318.)

Congenital Syphilis, Degree of Mental Deficiency resulting from. N. A. DAYTON. (*Journ. Amer. Med. Assoc.*, September 18th, 1926, lxxxvii., No. 12, p. 907.)

Congenital Syphilis, Diagnosis of, by Radiography. M. SPRINGER. (*Presse Méd.*, September 11th, 1926, xxxiv., No. 73, p. 1159.)

Congenital Syphilis in Boston, Twenty-five Years of : A Statistical and Comparative Study. P. H. SYLVESTER. (*Journ. Amer. Med. Assoc.*, July 31st, 1926, lxxxvii., No. 5, p. 298.)

Congenital Syphilis in the Child, Clinical Contribution to Whooping Cough and. W. MIKULOWSKI. (*Revue franç. de Pédiatrie*, July, 1926, ii., No. 3, p. 332.)

Congenital Syphilis of Early Childhood, Hæmatologic Syndromes in the. G. ZANCA. (*Arch. de Méd. des Enfants*, September, 1926, xxix., No. 9, p. 505.)

Congenital Syphilitic Aortic Insufficiency. F. REICHE. (*Klin. Wochenschr.*, September 10th, 1926, v., No. 37, p. 1711.)

Contagion of a Wife from her Husband, a Syphilitic of Long Standing, A Condition which favours. G. MESTCHERSKY. (*Ann. des. Mal. Vén.*, July, 1926, xxi., No. 7, p. 492.)

Dark-Field Examination in Suspected Syphilis, An Outfit for the Collection of Serum by Physicians for the. W. R. STOKES and C. L. EWING. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 404.)

Dermatology and Syphilography. P. GASTINEZ. (*Gaz. des Hôp.*, July 14th, 1926, xcix., No. 56, p. 905.)

Drug-fast Parasites in Syphilis, On Supposed. H. H. HANSCHELL. (*Trans. Roy. Soc. Trop. Med. and Hygiene*, June 17th, 1926, xx., No. 3, p. 213.)

Dystrophias, Aortic, in their Relation to Syphilis. M. LETULLE, LAIGNEL-LAVASTINE and J. HEITZ. (*Presse Méd.*, August 28th, 1926, xxxiv., No. 69, p. 1089.)

Ehrlich's Antisyphilitic Treatment, Results of. L. PHILIPPSON. (*Il Policlinico* (Practical Section), September 6th, 1926, xxxiii., No. 36, p. 1241.)

Endocrine Disturbances of Heredito-Syphilitic Origin. J. NICOLAS and J. GATÉ. (*Bruxelles Méd.*, August 1st, 1926, vi., No. 40, p. 1206.)

Exanthema, Lichenoid Contribution to the Study of, after Arsenobenzol Treatment. E. FREUND. (*Giorn. Ital. di Derm. e Sifilo*, August, 1926, lxvii., No. 4, p. 1198.)

Experimental Syphilis, Studies in. V. The Wassermann Test in Normal and Syphilitic Rabbits. J. E. KEMP, A. M. CHESNEY and A. K. POOLE. (*Bull. Johns Hopkins Hosp.*, September, 1926, xxxix., No. 3, p. 132.)

Fever in Experimental Rabbit Syphilis, Studies of the Therapeutic Effect of, J. F. SCHAMBERG and A. M. RULE. (*Arch. of Derm. and Syph.*, September, 1926, xiv., No. 3, p. 243.)

Fibroid Syphilomata, Subcutaneous: A Rare Manifestation of

Late Syphilis. C. WORSTER-DROUGHT. (*Lancet*, September 25th, 1926, ccxi., No. 5378, p. 637.)

Fixation, A Comparison of, at 3–6° C. and at 37° C. in over 25,000 Complement Fixation Tests for Syphilis made with Cholesterinized Antigen. R. GILBERT, V. LANGWORTHY and A. C. MOORE. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 506.)

Flocculation Reaction, Clinical Applications of, with Katsuobushi (Dried Japanese Fish) with Blood Serum and Fluid in Syphilitic Children. S. TAKEDA. (*Oriental Journ. Dis. Infants*, July, 1926, i., Nos. 2 and 3, p. 81.)

Flocculation Reaction of Syphilitic Blood Serum, Katsuobushi (Dried Fish) as Antigen. R. SASAKI. (*Oriental Journ. Dis. Infants*, July, 1926, i., Nos. 2 and 3, p. 82.)

Gastric Syphilis, Case of. P. GASTINEZ and S. PORTRET. (*Bull. Méd.*, June 23rd and 26th, 1926, xl., No. 27, p. 769.)

General Paralysis associated with Benign Tertian Malaria. G. T. BAKER. (*Brit. Med. Journ.*, October 16th, 1926, No. 3432, p. 685.)

General Paralysis, Malarial Treatment of. M. TORTORA. (*Gaz. Med. Italo-Argentina*, February 28th, 1926, ix., No. 3, p. 33.)

General Paralysis, New Methods of Treating. G. DEMAY and R. PRUGNIAUD. (*Bull. Méd.*, June 23rd and 26th, 1926, xl., No. 27, p. 774.)

Gummata, Bilateral, of the Sternoclavicular Articulations. G. T. PACK and J. S. BECK. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 383.)

Hereditary Paternal Syphilis. J. GOLAY. (*Ann. des Mal. Vén.*, July, 1926, xxi., No. 7, p. 181.)

Late Syphilide of the Glans Penis, Diffuse Superficial, with the Aspect of Obstinate Erosive Balanitis of many Years' Standing. E. DELBANCO. (*Derm. Wochenschr.*, October 2nd, 1926, lxxxiii., No. 40, p. 1475.)

Leprosyphilis, Probable. G. DELAMARE and ACHITOUV. (*Presse Méd.*, August 4th, 1926, xxxiv., No. 62, p. 979.)

Lesion of the Lip, Differential Diagnosis in a Case of Recurrent. (Case [No. 12283] Records, Massachusetts General Hospital.) A. W. CHEEVER. (*Boston Med. and Surg. Journ.*, July 15th, 1926, cxcv., No. 3, p. 144.)

Malarial Inoculation of Syphilis, Therapeutic, Results with. K. v. BERDE. (*Derm. Wochenschr.*, September 25th, 1926, lxxxiii., No. 39, p. 1442.)

Malarial Treatment of Syphilis. V. MUCHA. (*Wien. med. Wochenschr.*, July 24th, 1926, lxxvi., No. 30, p. 909.)

Malarial Treatment of Syphilis. G. SCHERBER. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 328.)

Medullary Syphilis in General, Anatomo-Pathology of, and particularly of Progressive Syphilitic Paraplegias. C. FOIX, L. CRUSEM and S. NACHT. (*Ann. de Méd.*, August, 1926, xx., No. 2, p. 81.)

Meinicke's Reaction, Clinical Value of. F. E. SARATZEANO. (*Ann. des. Mal. Vén.*, September, 1926, xxi., No. 9, p. 673.)

Meinicke's Turbidity Reaction. M. TINTI. (*La Riforma Medica*, September 13th, 1926, xlii., No. 37, p. 881.)

Mongolism and Hereditary Syphilis. L. BABONNEIX. (*Gaz. des Hôp.*, September 15th, 1926, xcix., No. 74, p. 1189.)

Nasal Spyhilis. T. DELLA VEDOVA. (*Gaz. degli Ospedali e delle Cliniche*, September 19th, 1926, lxvii., No. 38, p. 894.)

Nervous Syphilis. LORTAT-JACOB. (*Progrès Méd.*, September 11th, 1926, No. 37, p. 1389.)

Nervous Syphilis. H. V. WILDMAN, Jr. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 429.)

Neuralgias of Syphilis, The. LORTAT-JACOB. (*Bull. Méd.*, June 23rd and 26th, 1926, xl., No. 27, p. 759.)

Neurosyphilis, First Symptoms of. C. S. BLUEMEL. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 420.)

Neurosyphilis, Phases of. A. MYERSON and M. YORSHIS. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 410.)

Neurosyphilis, Treatment of. NONNE. (*Zeitschr. f. ärztliche Fortbildung*, August 15th, 1926, xxiii., No. 16, p. 513.)

Neurosyphilis with Especial Reference to Intraspinal Treatment. W. C. STONER. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 439.)

Nodule, Subcutaneous, Juxta-articular, on Margin of Inside of Knee in a Tabetic Patient. J. SABRAZÈS. (*Gaz. hebd. des Sci. Méd. de Bordeaux*, August 1st, 1926, xlvii., No. 31, p. 488.)

Northovan and Spirocid, Further Results with. H. KRÖSL. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 299.)

Œdema, Cyanotic, of the Legs in a Young Congenitally-Syphilitic Girl, with Lymphatic Attributes. J. MARGAROT and E. TRUC. (*Bull. de la Soc. des Sci. Méd. de Montpelliér*, April, 1926, vii., No. 5, p. 273.)

Opaque Reactions, The Application of, to the Sero-diagnosis of Syphilis. S. MUTERMILCH. (*Presse Méd.*, September 1st, 1926, xxxiv., No. 70, p. 1108.)

Organic Changes, Frequency of Syphilitic, especially Aortitis luetica. E. LANGER. (*Münch. med. Wochenschr.*, October 22nd, 1926, lxxiii., No. 43, p. 1782.)

Paralysis and the Prophylactic Rôle of Malaria in Syphilitic Diseases of the Nervous System in Turkey. F. KERIM. (*Wien. Klin. Wochenschr.*, August 5th, 1926, xxxix., No. 32, p. 915.)

Periostitis, Syphilitic Ossifying, in the Infant. PÉHU, CHASSARD and ENSELME. (*Bull. de la Soc. de Pédiatrie de Paris*, March, 1926, xxiv., No. 3, p. 103.)

Pigmentary Syphilis, Contribution to the Knowledge of. M. FABERI. (*Il. Policlinico* (Practical Section), August 23rd, 1926, xxxiii., No. 34, p. 1183.)

Pleuropulmonary Changes in the Second Stage of Syphilis. O. REUTERWALL. (*Acta Dermato-Venereologica*, June, 1926, vii., No. 2, p. 367.)

Progress in Syphilis—1925. A. W. CHEEVER. (*Boston Med. and Surg. Journ.*, September 2nd, 1926, cxcv., No. 10, p. 473.)

Progressive Paralysis and Tabes, On the Therapy of. E. REDLICH. (*Wein. med. Wochenschr.*, August 21st, 1926, lxxvi., No. 34, p. 1016.)

Progressive Paralysis, Differential Diagnosis in a Case of. (Case [No. 12262], Records, Massachusetts General Hospital.) H. R. VIETS. (*Boston Med. and Surg. Journ.*, July 1st, 1926, cxcv., No. 1, p. 41.)

Progressive Paralysis Treated with Malaria, On the Pathological Anatomy of. M. GUREWITSCH. (*Journ. Médico-Biologique*, 1926, ii., No. 2, p. 59.)

Progressive Paralysis, Treatment of, with Malaria. R. SPAAR. (*Fortschritte der Medizin*, August 31st, 1926, xliv., No. 21, p. 869.)

Prostitution in Morocco and the Campaign against the Venereal Consequences. E. LEPINAY. (*Bruxelles Méd.*, August 15th, 1926, vi., Nos. 41 and 42, p. 1221.)

Psychoses, On Syphilitic. REICH. (*Zentralbl. f. Haut. u. Geschlechtskrankheiten*, August 5th, 1926, xx., Nos. 9 and 10, p. 513.

Recurrence in Syphilitically Infected Rabbits after Excision of the Primary Inoculation Focus, Experimental Investigations into Local. R. STREMPEL and G. ARMUZZI. (*Derm. Zeitschr.*, August, 1926, xlviii., Nos. 3 and 4, p. 129.

Reinfection, Syphilitic, Pseudo-infection, Superinfection. R. BERNARD and others. (*Bruxelles Méd.*, August 1st, 1926, vi., No. 40, p. 1202.)

Retroplacentar Blood in the Serodiagnosis of Syphilis on the Use of (with special reference to Jacobsthal's Cold Method.) H. BRUNO. (*Derm. Wochenschr.*, October 16th, 1926, lxxxiii., No. 42, p. 1546.)

Salvarsan, Effect of, on the Blood Sugar Curve. K. HEDEN. (*Acta Med. Scandinavica*, August 6th, 1926, lxiv., No. 1, p. 1.)

Salvarsan Injuries of the Nervous System, Are there any, and what are they caused by? E. POLLAK. (*Wien. Klin. Wochenschr.*, August 26th, 1926, xxxix., No. 35, p. 1004.)

Salvarsan, On the Working Mechanism of. R. L. MAYER. (*Klin. Wochenschr.*, September 10th, 1926, v., No. 37, p. 1699.)

Salvarsan Resistance and Salvarsan Dosage. E. HOFFMANN. (*Deutsch. med. Wochenschr.*, September 17th, 1926, lii., No. 38, p. 1591.)

Serodiagnosis of Post-mortem Syphilis. E. MEINICKE. (*Klin. Wochenschr.*, October 8th, 1926, v., No. 41, p. 1926.)

Serodiagnosis of Syphilis During Pregnancy, On the. E. KLAFTEN. (*Wien. Klin. Wochenschr.*, July 22nd, 1926, xxxix., No. 30, p. 863.)

Serological Diagnosis of Syphilis. II. Report. G. BLUMENTHAL and B. SCHWARZMANN. *Med. Klinik*, October 1st., 1926, xxii., No. 40, p. 1530.)

Serum in Syphilis, The Calcium Content of. I. ROSEN and F. KRASNON. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 446.)

Serum Treatment of Syphilis. P. MULZER. (*Klin. Wochenschr.*, October 8th, 1926, No. 41, p. 1920.)

Serums, Flocculation of Syphilitic, in the Presence of a Mixture of Antigen-Resin Dye. R. DUJARRIC DE LA RIVIÈRE and N. KOSSOVITCH. (*Presse Méd.*, August 21st, 1926, xxxiv., No. 67, p. 1059.)

Skin Sensitiveness Tests in Early Stages of Syphilis. J. K. MAYR. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 260.)

Spirochæta pallida in the Connective Tissue of a Congenitally Syphilitic New-born Infant, On the Appearance and Verification of the. P. ERDMANN amd B. H. U. MOHRMANN. (*Derm. Zeitschr.*, August, 1926, xlviii., Nos. 3 and 4, p. 171.)

Spirochæte Infection, Immunisation Processes of. KRANTZ. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 79.)

Spirocid (Stovarsol) in Syphilis. M. OPPENHEIM. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 306.)

Stovarsol (Spirocid), The Indications of, in the Treatment of Syphilis.

M. OPPENHEIM. (*Wien. med. Wochenschr.*, July 24th, 1926, lxxvi., No. 30, p. 918.)

Sulphur Therapy in Venereology and Diseases of the Skin. E. F. MÜLLER and E. DELBANCO. (*Zentralbl f. Haut. u. Geschlechtskrankheiten*, July 20th, 1926, xx., Nos. 7 and 8, p. 398.)

Superinfection of Human Syphilis, Experimental Investigations into. T. HASHIMOTO. (*Bruxelles Méd.*, September 12th, 1926, vi., No. 46, p. 1362.)

Syphilis. T. W. TALLQVIST. (*Ugeskrift for Laeger.*, September 16th, 1926, No. 37, p. 843.)

Syphilis and Gastropathias. H. SURMONT. (*La Médecine*, July, 1926, vii., No. 10, p. 722.)

Syphilis as Ætiological Factor in the Appearance of many Chronic Diseases of the Heart and Aorta. D. D. PLETNEW. (*Zeitschr. f. Klin. Med.*, August 23rd, 1926, ciii., Nos. 5 and 6, p. 579.)

Syphilis in Europe before the days of Columbus, History of. P. HILDENBRAND. (*Derm. Wochenschr.*, September 4th, 1926, lxxxiii., No. 36, p. 1312.)

Syphilis in France, Increase of. M. PETIT. (*Journ. des Pract.*, October 2nd, 1926, xl., No. 40, p. 671.)

Syphilis in Industry, Reducing the Cost of. (Report of 176 cases.) W. A. SAWYER. (*N.Y. State Journ. of Med.*, August 15th, 1926, xxvi., No. 16, p. 711.)

Syphilis in Industry, Reducing the Cost of. W. A. SAWYER and B. J. SLATER. (*Journ. Indust. Hygiene*, August 1926, viii., No. 8, p. 317.)

Syphilis, Infantile. M. PÉHU. (*Revue franç de Pédiatrie*, July, 1926, ii., No. 3, p. 373.)

Syphilis of the Stomach. Report of a Case. P. B. MULLIGAN. (*Radiology*, July, 1926, vii., No. 1, p. 62.)

Syphilis. New Results in the Experimental Investigation of, and their Relations to Human Syphilis. R. PRIGGE. (*Med. Klinik*, September 3rd, 1926, xxii., No. 36, p. 1381, and September 18th, 1926, xxii., No. 37, p. 1424.)

Syphilis, Principles in the Treatment of. E. FINGER. (*Wien., Klin. Wochenschr.*, September 16th, 1926, xxxix, No. 38, p. 1059.)

Syphilis, The Treatment of, according to Jacques de Bethencourt, 1527. B. B. BEESON. (*Arch. of Derm. and Syph.*, October, 1926, xiv., No. 4, p. 427.)

Syphilitic Prophylaxis, Further Investigations into, based on Experiments with Experimental Rabbit Syphilis. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 331.)

Syphilitic Therapy, Some Viewpoints of, with Special Reference to Hg Inhalations Treatment. A. JOSEPH. (*Med. Klinik*, August 20th, 1926, xxii., No. 34, p. 1295.)

Tabes and Ulcus Ventriculi. H. PFITZNER. (*Deutsch. med. Wochenschr.*, September 10th, 1926, lii., No. 37, p. 1547.)

Tabes, Treatment of, with Malaria. F. BERING. (*Deutsch. med. Wochenschr.*, September 17th, 1926, lii., No. 38, p. 1611.)

Tabes with Congenital Syphilis, On Infantile. L. LILIENTHAL and H. LANGE. (*Med. Klinik*, October 22nd, 1926, xxii., No. 43, p. 1647.)

Tabetic Crises and their Treatment. J. PAL. (*Therapie der Gegenwart*, September, 1926, lxvii., No. 9, p. 393.)

Tertiary Latent Syphilis. Surveillance and Treatment of Old Latent Syphilitics. H. GOUGEROT. (*Journ. des Pract.*, August 14th, 1926, xl., No. 33, p. 545.)

Treparsol in the Treatment of Six Cases of Congenital Syphilis. P. CADENAULE. (*Gaz. hebd. des Sci. Méd. de Bordeaux*, June 27th, 1926, xlvii., No. 26, p. 412.)

Tryparsamide, A Note on the Treatment of General Paralysis by. M. BROWN and A. R. MARTIN. (*Lancet*, October 2nd, 1926, ccxi., No. 5379, p. 699.)

Tryparsamide in the Treatment of Neurosyphilis (Annotation). (*Lancet*, October 2nd, 1926, ccxi., No. 5379, p. 716.)

Tryparsamide Therapy in Neurosyphilis. J. D. SILVERSTON. (*Lancet*, October 2nd, 1926, ccxi., No. 5379, p. 693.)

Tuberculosis and Syphilis of the Eye. C. H. SATTLER. (*Zeitschr. f. ärztliche Fortbildung*, August 1st, 1926, xxiii., No. 15, p. 477.)

Urobilinogen Determination in Treated Syphilitic Patients. H. BROWN and S. S. GREENBAUM. (*Arch. of Derm. and Syph.*, October, 1926, xiv., No. 4, p. 434.)

Vanadium (Northovan) in Syphilis, Results with. E. FREUND. (*Klin. Wochenschr.*, September 3rd, 1926, v., No. 36, p. 1661.)

Various Types of Syphilis, The Early Recognition of the. A. CRANCE. (*N.Y. State Journ. of Med.*, August 15th, 1926, xxvi., No. 16, p. 697.)

Venereal Disease, The Correct Diagnosis of. (Case [No. 12252] Records, Massachusetts General Hospital.) H. P. LLOYD. (*Boston Med. and Surg. Journ.*, June 24th, 1926, cxciv., No. 25, p. 1182.)

Wassermann Reaction, The. A. PFANNER. (*La Riforma Medica*, September 13th, 1926, xlii., No. 37, p. 675.)

Wassermann Reaction, A Semi-micro Method of the, for Testing Syphilis. A. NOHLEN and S. BALL. (*Zeitschr. f. Kinderheilkunde*, September, 1926, xlii., Nos. 1 and 2, p. 133.)

Wassermann Reaction, A Simplification of the. M. TRIDENTE. (*Gaz. med. Italo-Argentina*, May 15th, 1926, ix., No. 8, p. 126.)

Wassermann Reaction, Biological Reactivity of the. P. CAPRARA. (*Gaz. degli Ospedali e delle Cliniche*, September 12th, 1926, lxvii., No. 37, p. 865.)

Wassermann Reaction, Immunological Nature of the Principle in Serum Responsible for the, with Reference also to the Flocculation Reaction of Sachs and Georgi. T. J. MACKIE and H. F. WATSON. (*Journ. Hygiene*, July, 1925, xxv., No. 2, p. 176.)

Wassermann Reaction, The Interpretation of, in Terms of Hydrogen-Ion Concentration. AMEER KHAN. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 489.)

Wassermann Reaction, The Persistent Positive. L. G. BEINHAUER. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 454.)

Wassermann Reaction, The Significance of the Quantitative Standardisation of the. A. POEHLMANN. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 241.)

Wassermann, Sachs-Georgi, Dold and Meinicke Reactions, Comparative Investigations into the. R. LEDERMANN. (*Arch. f. Derm. u. Syph.*, September 25th, 1926, cli., Congress No., p. 236.)

Wassermann Test, The, xxi. The Production of Syphilitic Reagin. D. L. BELDING. (*Amer. Journ. Syph.*, July, 1926, x., No. 3, p. 500.)

EDITORIAL NOTES

THE Editors beg to acknowledge with thanks the receipt of the following Journals :—

British Medical Journal.
The British Journal of Dermatology and Syphilis.
Journal of State Medicine.
The Journal of Experimental Medicine.
Archives of Dermatology and Syphilology.
The Boston Medical and Surgical Journal.
The Urologic and Cutaneous Review.
Long Island Medical Journal.
Annales des Maladies Vénériennes.
Bulletin de la Société Française de Dermatologie et de Syphiligraphie.
Journal de Médecine de Paris.
Bruxelles Médicales.
Münchener Medizinische Wochenschrift.
Deutscher Medizinische Wochenschrift.
Medizinische Klinik.
Wiener Medizinische Wochenschrift.
Giornalo Italiano di Dermatologia e Sifilologia.
The American Journal of the Medical Sciences.
The Canadian Lancet and Practitioner.
The Prescriber.
