ERRATUM

Pyrophosphate-Fueled Na^+ and H^+ Transport in Prokaryotes

Alexander A. Baykov, Anssi M. Malinen, Heidi H. Luoto, Reijo Lahti

Belozersky Institute of Physico-Chemical Biology, Lomonosov Moscow State University, Moscow, Russia; Department of Biochemistry and Food Chemistry, University of Turku, Turku, Finland

Volume 77, no. 2, p. 267–276, 2013. Page 274, column 1, lines 20 and 21: "confers salt tolerance to *S. cerevisiae* strains deficient in the Na^+/H^+ exchanger (69) or mitochondrial PPase (68)" should read "confers salt tolerance to *S. cerevisiae* strains deficient in the plasma membrane Na^+-ATPase (69) or mitochondrial PPase (68)."
