We have noticed that images (a−f) in Figure 5 of our article entitled "Dynamic Contrast for Plant Phenotyping" were mistakenly duplicated from images (g−l) of the same figure. We apologize for the confusion they may have caused, and the correct figure is shown here.

We also would like to add a new sentence to the acknowledgment section which was missing in the original paper. The corrected acknowledgments are given below:

The authors thank the ANR (Saclay Plant Sciences (ANR-10-LABX-0040-SPS), France BioImaging (ANR-10-INBS-04, ANR-11-IDEX-0003-02), Morphoscope2 (ANR-11-EQPX-0029, ANR-17-EUR-0007), EUR SPS-GSR, HIGHLIGHT, and dISCern), the Fondation de la Recherche Médicale (FRM DEI201512440), and the Mission Interdisciplinarité du CNRS. This work has benefited from the support of IJPBs Plant Observatory technological platforms. The help of Elodie Gilbault and the phenoscope platform of IJPB for the automated and controlled water stress experiment are greatly acknowledged.
